

25 September 1958

MEMORANDUM FOR: Director of Security

FOIAb3b

ATTENTION:

FOIAb3b

SUBJECT:

LETTER from

FOIAb3b

1. The attached letter is from [redacted] who is on leave of absence without pay for one year while he is a professor of English at the University of Maine (Portland branch). Portland is his home town. When he went to this new position the local press carried stories that he had been with the Central Intelligence Agency, and for that reason, I assume, the Navy wants him to conduct this course in intelligence.

2. The only objection to his doing this would be the fact that he has been identified as a former CIA employee, and whatever he teaches in an intelligence course might be taken to express the views of CIA, even though he closely follows the Navy text book. I do not think this is too serious a bar, and therefore recommend approval of the request.

STANLEY J. GILGAN  
Assistant to the Director
